A DS106 Challenge Every Day

#tdc2086 Take tall pictures! (<http://daily.ds106.us/tdc2086/>)

published September 25th, 2017 • 3 responses

Make a picture at least 6 times as high as it is wide. Use the extra headroom to do something interesting. You could use panorama mode on a camera, or stitch together shots of a different format. Or stretch an image in an unusual way. Or...?

Tweet your response to @ds106dc (<https://twitter.com/ds106dc>) and be sure to include the hashtag #tdc2086 (<https://twitter.com/hashtag/tdc2086>)
